INTRODUCTION

AllinWAD Is A Real-Time Web-Based Digital Records Management System That Manages Church Activities, Financial Records And Then Produces Accurate Financial Statistics [On Demand] At All Levels Of The Church, I.E., the Local Church, Conference, Union And Division.

Allinwad is a web-based system, and the use of a web browser accesses it. Its data is stored in a central location, allowing multi-access from any part of the world over the internet. User data security is our key priority, and adequate measures have been put in place to protect the data's integrity. However, individual users and operators need to have internet security and protect their passwords from unauthorised access to the system.

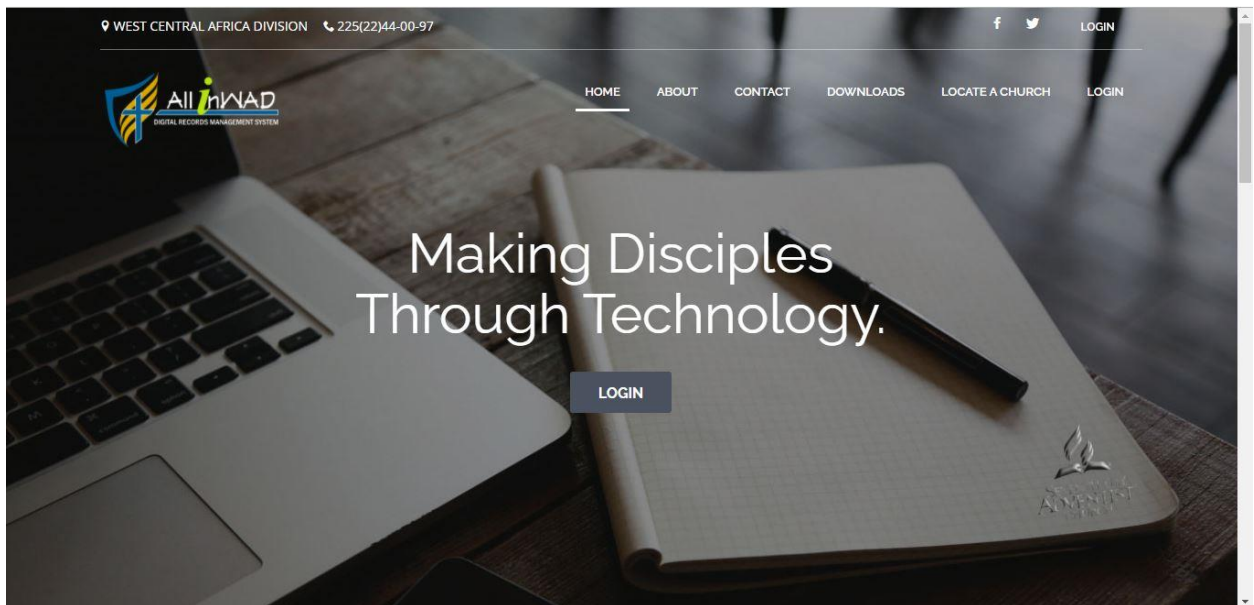

if you encounter any problems or need assistance with the AllinWAD System, please contact your local AllinWAD support team or send an email to allinwadsda@gmail.com

In order to gain access to the AllinWAD system, you would have to visit <https://allinwad.sdasystems.org>

After visiting the AllinWAD URL, you get to the home page, shown below . on this page, you would get links to the following pages.

Login Page

The login page features a purple header with the AllinWAD logo (a shield with a cross) and the text "AllinWAD DIGITAL RECORDS MANAGEMENT SYSTEM". A secondary logo is in the top right. The main content is a white login form on a grey background. The form includes an "Activate" link, a language selector for "English", "Username" and "Password" input fields with eye icons, a "Stay Signed in" checkbox, a "Forgot Password?" link, and a purple "SIGN IN" button with a right-pointing arrow.
